President's Message

Last month we welcomed Dennis Dietz of American ALDES Ventilation Corp., who flew up from Florida to enlighten us on indoor air quality in apartment buildings. Mr. Dietz laid out makeup air strategies, such as supply of conditioned air to the corridor or directly to the individual apartments. He noted that interest among architects and designers in window fresh air inlets is mounting, but their application requires careful consideration.

Last month's meeting also served as Resource Promotion Night. Resource and Promotion Chairman Andrew Manos, LEED AP, reported that we have already met our 2009-2010 Chapter Resource Promotion Goal of \$12,881, thanks to our growing list of contributors. I'd like to thank Andy and all of our contributors for continuing to move our chapter and ASHRAE's overall mission forward.

Our Professional Energy Code Seminar for ANSI/ASHRAE/IESNA Standard 90.1-2004 on March 23 was well received. Those who attended received 6.5 PDH credits.

With Earth Day later this month, what better time to visit the first supermarket in New York State to be awarded LEED Gold certification for new construction by the U.S. Green Building Council. We will visit Wild by Nature in Oceanside on Tuesday, April 13. Please note that this trip will take the place of our regular monthly meeting. Our tour will include reviewing LEED items such as a highly reflective, white "cool roof" that reduces heat island effect; drought-tolerant plantings that eliminate the need for a lawn irrigation system; waterless urinals, dual-flush toilets and low-flow faucets; heat reclamation from the refrigeration system that provides the heat for the building's domestic water system; high efficient heating and cooling systems that increase energy savings; and skylights that provide additional lighting. To gain access to the rooftop refrigeration equipment, we will have to climb a ladder, so appropriate attire is suggested.

The tour begins at 5:00 p.m. sharp, and preregistration is required. Please visit this link for registration information: <http://www.ashraeli.org/Forms/ashrae%202010%20field%20trip%20wbn.pdf>. Cost is \$25, which includes dinner and drinks after the tour at Mio Posto Restaurant, located at 2757 Long Beach Road, Oceanside (one block from Wild by Nature).

President Message (Cont'd.)

Moving onto a different type of green, the 10th Annual LI ASHRAE Golf Outing is right around the corner. The event is scheduled for Monday, May 3, at the Cherry Valley Club in Garden City. The outing kicks off with brunch at 11:00 a.m., shotgun start golf at 12:30 p.m., followed by a 5:30 p.m. post-golf cocktail hour and 6:30 p.m. dinner reception. Please note, this event fills up fast, and there is a two foursome limit per company. Checks must be in by April 17, no exceptions. Please visit this link for more information: [ASHRAE Golf Outing 2010](#) Thank you to co-chairs Steven Friedman, HFDP (212-695-1000, sfriedman@lilker.com), and Peter Gerazounis, P.E., LEED AP (212-695-129, peter.gerazounis@mgepc.net), for organizing this event.

I look forward to seeing you all at our pre-Earth Day celebration at Wild by Nature on April 13.

Board of Governors Meeting Minutes

On Tuesday, March 9th, 2010, a meeting of the Board of Governors was held at the Westbury Manor. Attendees were: Steven Giammona, Steven Friedman, Nancy Roman, Carolyn Arote, Brian Simkins, Andy Manos, Richard Rosner and Tom Fields. President Steven Giammona called the meeting into session at 5:05pm.

RESOURCE PROMOTION: Andy Manos stated that we currently have more than expected in Resource Promotion monies.

PROGRAMS: We confirmed that the April 13th field trip is set-up and ready to go. Nancy already reached out to set-up her President-Elect training.

HISTORIAN: Carolyn & Steve Giammona discussed their meeting with Al Sapia of Arlan Dampers & Steve B. of Triple S Air in relation to our joint meeting with SMACNA. Carolyn Arote has to update the PAOE points.

WEBMASTER: We need to get invoice from Anthony B. for monthly dues and for upgrade to entire website. PAOE points are to be updated monthly for web.

TREASURER: Andy Manos gave the board a financial update on Savings/MM accounts.

MEMBERSHIP: Richard Rosner gave us a brief review of membership status. We discussed having a mentor blog on the website as well as the possibility of job advertising for member. PAOE points are to be updated monthly for member-promotion.

STUDENT ACTIVITIES: Tom Fields continues to solicit new student members and encourage them to attend our meetings. We discussed different schools on L.I. that we can reach out to – both for memberships and for scholarships. PAOE points are to be updated monthly for student activities.

CHAPTER TECHNOLOGY TRANSFER (CTTC): Brian Simkins continues to hand out the evaluation forms at every meeting. PAOE points are to be updated monthly for CTTC.

OPEN BOARD DISCUSSION:

We voted yes on donating \$800 to the 2010 USGBC-LI Gala.

The date & time for golf outing event has been booked. We are having difficulty getting sponsors

Having discussed all open issues, the meeting was adjourned at 5:51pm.

Janeth Costa
Chapter Secretary, 2009-2010

Membership

This month I am focusing on you. Perhaps the state of the economy has left you without a job or maybe just happy to be working but with the feeling you could be doing so much more.

If you looking for a great heating, refrigerating, or air-conditioning job; see the thousands of jobs updated daily on the ASHRAE career center job search page. This is a great ASHRAE resource for finding work or hiring someone for that spot to fill. There are even sample resumes and cover letters online to help you land that job.

Maybe you would like to pass on some of your accumulated knowledge to a young person just starting out in our industry. ASHRAE has a great mentoring program for all to use. If it is you who is a young member looking for mentoring you can also be helped using the ASHRAE Mentoring Program Resources. Fill out a survey and send it in and see what you match up with.

YEA, young engineers in ASHRAE, is another program to help start off those entering our field if they are age 35 or under. We have had a great influx of young people into our chapter thanks to Tom Fields efforts. I hope those new members will take full advantage of what ASHRAE has to offer and our older members will find the time to help them get that right start.

You can click on, or copy and paste into your browser, any of the links below to take you to these outstanding benefits of being an ASHRAE member.

Research Promotion

I would like to thank all the companies who have participated in the annual 2010 Product Directory of Manufacturers and their Representatives.

The Product Directory has been prepared as a service to all its members and as a service to the local HVAC industry. It will be made available to all ASHRAE and non-ASHRAE members at no-cost and can be obtained from our monthly meetings or directly from our web-site.

The Directory is intended to provide better communications between manufacturers and their sales representatives; engineers who specify products; contractors who purchase and install the equipment; and other interested parties. Product Directory listings are not limited to ASHRAE members and the listings are not to be considered as advertising or endorsement by ASHRAE of any product, manufacturer or representative.

This year's overall resource promotion goal is \$2,001,900 with over 75 research projects on board. Our chapter is expected to raise approximately \$12,881 towards the overall goal of which we have already raised \$14,420. I am hoping I can count on the continued support of all of our past contributors who have generously supported us over the years. I also look forward to gaining the support of new contributors this coming year. Please help support ASHRAE in any way you can.

I would also like to say 'thank you' to all the contributors listed below whom have already donated to ASHRAE this year:

Student Activities

Spring is here and students will soon be finishing their semesters. This is an excellent time to consider hiring an intern for the summer. We have seen an increase in our student membership and thus an increase in available talent. If you have an opening for an internship position, or would like more information, please contact me. Internships can also be posted on www.ashraejobs.com.

Applications for the Long Island Chapter Scholarships have been sent to the various college student advisors and to several high school programs. Scholarships are available to well rounded students who show an interest in pursuing a career in engineering. Deadline for applications is May 1, 2010. Applications are available by emailing me at t.fields@fpm-group.com. Completed applications can be returned via email or mailed to:

Cherry Valley Club Golf Outing Guidelines

To add the enjoyment of your day, we ask that you abide by Cherry Valley Club's basic rules of The Club, dress, golf etiquette & safety, golf carts, and care of the course.

Club Rules

1. **Smoking is not permitted in the Club House.**
2. **Cell Phones are permitted in the parking lot only. Use of Cell Phones beyond the parking lot is strictly prohibited. This includes the Golf Course.**

Dress Code

1. Jeans, designer or otherwise, are not acceptable on club property. This not only includes pants, but skirts, and cut-offs.
2. T-shirts and tank tops are not in keeping with the atmosphere of the club and as such, are not acceptable. The definition of T-shirt includes those with psychedelic coloring or suggestive printing.
3. If the Main Dining room is going to be utilized for any purpose, jackets are required.
4. Short shorts are not permitted on the golf course, practice tee or putting green by either male or female. Bermuda shorts of acceptable length are permitted. Jogging attire and denim pants are not considered proper attire for the golf course.
5. **Soft spikes** are mandatory at all times on our fine golf course. If your shoes need soft spikes, arrive early so we can change them. There is a nominal fee. There is **no** exception to this rule.

Golf Etiquette and Safety

1. Slow play shows lack of consideration for the players in your group and, more important, for the players behind you. Golf is made much more enjoyable if all players adhere to the following points in the conduct of play:
 - Minimize the time spent looking for balls by watching the flight of balls hit by everyone in your group. If a ball appears to be lost or out of bounds, hit a provisional ball before leaving the tee.
 - Signal the players behind you to play through if it becomes apparent that a ball will not easily be found and you are holding up play.
 - Don't rush addressing and striking the ball but move briskly between shots.
 - If your ball is some distance from the golf cart and the exact club selection is in doubt, take several clubs with you when you leave the cart to walk to the ball.
 - When play reaches the area of the green, park the golf cart(s) behind the green or adjacent to the next tee. Walk briskly off the rear or side of the green after putting out. Mark your score cards after your group is off the green.
 - Once a score of double par has been posted, pick up and move on to the next hole.
2. No player should play until the players in front are out of range.
3. If your ball appears headed for a player or group of players immediately shout "fore" in a loud clear voice.
4. No one should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke.

ASHRAE Golf Outing 2010 - Monday, May 3rd, 2010*11th Annual LI ASHRAE GOLF OUTING**Monday – May 3rd, 2010***Cherry Valley Club
Golf Outing Guidelines (Cont'd.)****Golf Carts**

1. No more than two people are to be in a cart at one time.
2. No more than 2 bags are to be carried on one golf cart.
3. Members and their guest must observe all cart directional signs and use cart paths and designated golf cart parking areas where provided.
4. Good judgment, reasonable care, and observation of club rules are expected of any member or guest when operating a golf cart. Damaged golf carts will be repaired at the responsible member's expense. Each member or guest who rents a golf cart agrees to indemnify and hold Cherry Valley Club harmless of and free from any and all damages, judgment, court costs, attorney's fees or other expenses incidental to and incurred by Cherry Valley Club which may arise from misuse of a golf cart by such member or guest.
5. Members and their Guests must keep golf carts at least 10 yards away from greens trees or traps. They should keep a reasonable distance away from soft or wet areas and they must respect directional signs.

Care of the Course

1. Before leaving a sand trap, a golfer should carefully rake and smooth over all holes and footprints made by him.
2. From tree to green, a player should ensure that any turf cut or divot displayed by him is replaced at once and pressed down, and that any damage to the putting green made by a ball is carefully repaired.
3. Golf bags should never be brought onto a green. The flagstick should be carefully handled to ensure that no damage is done to the hole or the putting green. Don't dent the green with the flagstick or by leaning on your putter.
4. In taking practice swings, players should avoid causing damage to the course by taking divots. This is particularly true on the tees and in the vicinity of the greens.
5. Only putters are to be used on the practice greens. A separate practice green adjacent the driving range is available for chipping and sand trap practice.
