President's Message

As in the past, the joint meeting with SMANCA was a great success. We had over 55 people attend the meeting and I'd like to thank the following individuals for their contributions:

SMANCA – Steve Benkovsky, Tom Luerssen, Saul Marachinskas, George Murman

ASHRAE - Michael Gerazounis, Michael Bladykas, Brian Bateman

They volunteered to be on the panel discussion for duct work design and shop drawings. There were some excellent points made during the discussion and we all learned some of the issues that the design engineers and sheet metal contractors deal with on a daily basis.

November's meeting was also research promotion night where we recognized the contributors from last year. The research promotion chair is always one of the most challenging positions in the ASHRAE chapter and I want to thank Steve Giammona being this year's chair. Please support Steve's efforts we need your generous contributions to support research in our industry.
