

History

ASHRAE 2016-2017 Past President's Interview

Evans Lizardos, P.E., LEED AP
1978-1979
Past Chapter
President

1. What do you like to do in your free time? ***Spend time with family, and/or watch old movies on TV.***
2. Where have you worked in the past? ***Bogert & Childs (1953-1956), Guy Panero (1956-1960), RL Stinard (which became Picarillo & Brown) (1960-1965), Lizardos Engineering (1965-Present)***
3. When and why did you decide to pursue a career in HVAC&R? ***I took my father's advice which was "don't worry about the money, make sure you pick something you like to do as you will be doing it for many years of your life".***
4. When did you join ASHRAE? **1962**
5. What was the year you held the president position in ASHRAE LI? **1978**
6. When/Why did you decide to join the board? ***I desired to become more active in the Society and its technical programs.***
7. What do you feel was the greatest contribution you made in ASHRAE? ***My input and participation in the Technical committee – refrigeration: wrote the beverage chapter in the handbook. My participation in the technical committee – hydronics: I participated in many of the updates that the technical committee is responsible for in the handbook.***
8. How has ASHRAE played a significant role in your career? ***It has enhanced my knowledge throughout my career.***
9. What recommendation would you make towards students showing interest in HVAC&R? ***That they learn CADD and then work/intern during their summer recess from college at an HVAC consulting firm.***

Michael Nigro
